

DEVELOPER & BUILDER PACKAGE

Sadler Farms

A lakeside development opportunity on Lake Wheeler

CONTENTS

Site facts

Sheet 1 — Conceptual Lot Layout

Sheet 2 — Site Topography (Preliminary)

Issued October 2026. Sadler Farms represents a potential development opportunity. All plans, layouts, uses and renderings are conceptual and illustrative only, are not engineered or surveyed, and are subject to planning, engineering, governmental approvals and permitting. Acreage, shoreline length and travel times are approximate and should be independently verified.

SITE FACTS

The property at a glance

Location	Davis Road & Snake Road, Limestone County, Alabama
Size	Approximately 300 acres
Waterfront	More than one mile along the Tennessee River's Wheeler Reservoir, east of the Elk River confluence; portions are direct waterfront and portions adjoin TVA bluff land
Coves	Two protected coves; one is suitable for possible marina development
Access	Two county roads
Drive times	About 15 minutes to Athens and 25 minutes to Huntsville
Current use	Pasture, hay fields and mature hardwood forest; held by one family for 75+ years
Concept program	Approximately 300 homesites (townhomes to one-acre estate lots), a possible community marina, trails and open space
Shoreline	Lake Wheeler is a TVA reservoir; docks and other shoreline structures require TVA Section 26a approval
Zoning & entitlements	To be confirmed
